NEW 07-16 JEEP WRANGLER JK STUBBY FRONT BUMPERS

ISSUE 16

Jeep Wrangler JK Stubby Bumpers. Designed to look great and provide serious off-roading benefits. Increased tire clearance allows greater approach angles when tackling the trails! These bumpers are laser cut and robotically welded, creating bumpers that assist in a tactical trail assault with enhanced street appeal!

FEATURES:

- Manufactured from 5/32" steel
- Protects vehicles from on & off-road debris
- High strength D-Ring mounts welded both inside and out
- D-Rings included - 4.75 ton capacity
- Built in Winch plate accepts up to 12,000lb winch
- Durable 2-stage black powder coat finish
